ADVERTISEMENT.

MANY Years now past this Book was begun by two wholesale Bookfellers, who employed a Person to enquire at every reputable House in London. Since that time the Copy Right has been assigned over to fresh Partners, and the same Enquiry has been repeated in London, and extended to Westminster, Southwark, and the Environs, in a Manner unpractised before; and the Whole digested in true Alphabetical Order, which has given it the Advantage over other Imitators of this Work. The Parties interested thank the Public for their Favours, which they will ever strive to deserve, and now beg the Merchants, and others, will please to observe, that those Names which frequently occur, such as *Smith, Brown, &c.* for the more readily turning to the Person wanted, are set down in the following Manner: First, such as are in Partnership, and the others according to the Alphabetical Order of their Christian Names. The Courts and Streets of little Note are described by their Affinity to some well-known Street, in order to assist those who are unacquainted with the minute Parts of the Town.

As this Book will be published Annually, the Public may be assured that the utmost Care shall be taken to render every future Edition as correct as possible; and whatever Alterations may take place in the Firm of any trading House, or by Deaths, Removals, &c. an Account of them sent to T. LOWNDES, at N^o 77, in Fleet Street, will be thankfully received, and duly attended to.
